

Project Part 3 Instructions

1. Congratulations, we are almost completed!
2. To fulfil the requirements of your project mockup, upgrade your previous HTML and CSS codes (Project Part 2) using JQuery, JQueryUI and other JavaScript APIs.
3. Prepare a Readme file (refer samples in iTaleem) for your project.
4. Upload all codes and readme file to Github no later than Sunday, 22 Dec 2019, 11.55pm and submit the Github link through iTaleem.
5. Final group project presentations will be as follows:-
Sect 1 Monday, 23 December 2019 between 9.30am-12.30pm
Sect 2 Monday, 23 December 2019 between 2.00pm-5.00pm
Sect 3 Tuesday, 24 December 2019 between 9.30am-12.30pm

Presentation schedule (for the groups) will be released in week 14.

Guidelines for Final Project Presentation

Before presentation:-

- Integrate your project with your team-mates.

During your presentation day

- Bring your own laptop to Lab 8 (your class venue)
- Wait for your examiners
- When your examiner arrives, brief your examiner on your project (slides are optional).
- Have a walkthrough of the project (all members must present their assigned tasks)
- The examiner may ask you to explain the codes.

That's it and good luck!
